PROJECTS

Web Dev Portfolio Site
HTML5 / CSS3 / JavaScript

My online portfolio where I showcase my work. Coded from scratch, the repository is viewable on GitHub.

Zaréte Online Store
HTML5 / CSS3 / Odoo / SEO

Starting from my own initial design files to gauge the desired look of the site, I developed the front end of Zaréte's online store through Odoo.

Blackjack Card Game
HTML5 / SCSS / JavaScript / Deck of Cards API

I challenged myself to create a card game utilizing the Deck of Cards API. All the styling I wrote from scratch, the backend is a mix of fetch requests to the API and JavaScript logic to make the game playable.
